RESIDENTIAL HOMESTEAD EXEMPTIONS

What is an exemption?

An exemption removes part of the value of your property from taxation and will lower your tax bill.

HOMESTEAD QUALIFICATIONS

You must own and be living in your home on January 1.

The home must be your principal place of residence on January 1.

A person may not receive a homestead exemption for more than one home.

If you are not the sole owner of your home, you will receive only a portion of any qualified exemption, based on your percentage of ownership.

ATTENTION

HOMEOWNERS

Documentation required:

You must have a **valid Texas drivers' license**. The address on the drivers' license or state-issued identification must match the address for which the exemption is claimed.

***For mobile homes and special situations, please contact the Appraisal District for further details.

How are my taxes calculated?

Your taxes are calculated by dividing your taxable value by one hundred and multiplying by the jurisdiction's tax rate. For example:

Market Value	\$100,000
Minus exemptions	<u>-\$15,000</u>
Taxable Value	\$85,000
Apply Tax Rate	<u>x 0.25/100</u>
Assessed Taxes	\$ 212.50
